

SAMUEL-HEATH  
LANDMARK

# LANDMARK INDUSTRIAL

The high precision engineering adopted in the manufacture of the **Landmark** range mirrors the innovative principles of the **Bauhaus school**

Landmark consists of two distinctive collections: **Industrial** with its contemporary, bold and urban styling and **Pure** with its well-balanced, concise and direct lines. Every component is individually engineered and developed by our team of designers. Scale and proportion, functional efficiency and choice of materials are aided by photo-realistic imaging and the latest in rapid prototyping technology.

The result is an authentic reflection of the era but with an individual identity secured by the finest craftsmanship. Bauhaus was about designing a way of living and at Samuel Heath we believe that the impressive performance of a thermostatic shower valve or basin tap and the satisfying proportions of an accessory piece should be daily delights.

*“Our guiding principle was that design is neither an intellectual nor a material affair, but simply an integral part of the stuff of life, necessary for everyone”*

**Walter Gropius**  
Bauhaus founder

## LANDMARK INDUSTRIAL

*Much of what is now regarded as contemporary design is rooted in Bauhaus. Landmark Industrial is faithful to the rational functionalism redolent of Bauhaus and a modern interpretation of the values and style of the designs it pioneered.*

*Perfect function and beautiful form, achieved by the use of the finest materials and a selection of finishes that delight the senses, are also the values embedded in Samuel Heath's long manufacturing tradition.*

*These core values of acute attention to detail and the use of innovative processes are identified in each expertly manufactured piece of Landmark Industrial. The collection fuses raw with refined in a celebration of contemporary design.*

LANDMARK INDUSTRIAL

16

*V7K15LK 3 hole basin mixer, medium height spout with pop-up waste in  
CP chrome plate finish*

*V7K47-2XK 3 hole wall mounted bath filler in CP chrome plate finish*

*V770-KITK Slider rail kit in **URB** urban brass finish*

LANDMARK INDUSTRIAL

*V7K09LK-RH* Single lever basin mixer with pop-up waste (Right handed) in **URB** urban brass finish

*V702-TLK Twin control thermostatic shower in **SSB** stainless steel with matt black chrome finish also **V663** shower head and **V769** ceiling tube in **SSF** stainless steel finish*

LANDMARK INDUSTRIAL

21

*N7655K-B Towel rail in **URB** urban brass finish*

*Bold and authoritative with precisely machined detailing, Landmark Industrial uses raw with refined in a celebration of contemporary design.*

# LANDMARK PURE

## MINIMAL EMBELLISHMENT AND A DECEPTIVELY SIMPLISTIC COMPOSITION.

*The elemental lines of Landmark PURE reflect the modernist principles of Bauhaus inspired design*

Landmark Pure has overtones of the original Bauhaus aesthetic and builds on the foundations of Samuel Heath's Fairfield and Style Moderne Collections, both of which were inspired by dynamic and hugely influential periods in our cultural and industrial heritage.

Pure does not attempt to be a faithful reproduction of the products of Bauhaus, rather it utilises a design language that evokes the ethos of the period in an authentic manner.

By size and proportion it displays and celebrates elements of its functionality achieved through a harmony of materials, finishes and exquisite detailing. Pure is neutral and balanced with concise and direct lines.

## LANDMARK PURE
