

LEROU ARCHITECTURAL HARDWARE

F.PRESTIGE-COLLECTION

SOLID PINK BRONZE & BRASS

F.PRESTIGE COLLECTION

Introducing our F.PRESTIGE Collection.

The F. PRESTIGE COLLECTION is a limited series that is available cast in PINK SOLID BRONZE & BRASS.

Polished Solid Bronze has a soft pastel pink hue that accords so beautifully with the contemporary interior design and architecture in vogue.

One can select from this hardware collection: Front Door Knobs, Door Handles, Door Olives and Furniture Hardware.

MAIN FINISHES SOLID BRONZE AFWERKINGEN MASSIEF BRONS

Polished Solid Bronze (PGU)

A highly polished mirror finish, solid bronze surface, treated with a thin beeswax coating for protection during transit and installation. This is an unlacquered living finish, intended to gradually oxidize and patina over time.

An occasional light application of a good quality wax will assist in keeping the finish in good condition. To remove the effects of natural ageing (oxidisation) and to maintain the original finish, clean with a metal polish.

Satin Solid Bronze - Antiqued (SGA)

A sateen polished solid bronze surface which has been oxidized to produce a matt antique patina. Treated with a thin beeswax coating for protection during transit and installation. An unlacquered living finish, intended to oxidize and patina naturally over time.

An occasional light application of a good quality wax will assist in keeping the finish in good condition.

MAIN FINISHES SOLID BRASS AFWERKINGEN MASSIEF MESSING

Dark Brown Satin Solid Brass (IBU)

A sateen polished solid brass surface given a hand applied dark antique patina producing a soft, slightly reflective, sheen. Treated with a thin beeswax coating for protection during transit and installation. An unlacquered living finish, intended to oxidize and patina naturally over time.

An occasional light application of a good quality wax will assist in keeping the finish in good condition.
